

# Not unheard

Alexandra Schmal

## Vers 1:

Many times you have been left alone. Feeling empty deep inside is common to your soul. You don't feel it anymore, used to cry behind the door.

## Vers 2:

You used to ask someone 'Can you explain?'. They didn't take much notice, so you concluded 'this is in vain.' You shut up your heart, but jet empty.

Let me show you, what you need to see

## Chorus:

You're not unheard, your cry rose up into the heavens. God is concerned, He so wants you to be alright. If you say: ,Here I am. I am Yours. Take control over my life!' You'll see wonder over wonder come to pass!

## Vers 3:

Worrying 'bout everything around. Never having rest or someone carrying around. Somethings got to change, this can not be. Ain't there someone caring about me?

## Chorus:

You're not unheard, your cry rose up into the heavens. God is concerned, He so wants you to be alright. If you say: ,Here I am. I am Yours. Take control over my life!' You'll see wonder over wonder come to pass!
