

Everything I did in my old life crumbled try'n to keep everything in sight.
And every time I gave up and give in, You took my life and built it up again.
,we know!' (Röm. 5/3+4:)

Suffering builds up endurance, endurance character, and character hope.
It don't make it any easier, Lord please lead me on this way!

Every day and night - stable! In darkness you are light - stable!
Always by my side - stable! You're stable!
Help in every need - stable! A truly friend indeed - stable!
You're everywhere I please - stable! You're stable!

Even though I know you for some time, I get into situations, where I think I loose my
mind.
Everything I know then seems so far away. Thanks Jesus, You came in my life to stay!
,we know!' (Röm.8/28:)

That for those who love God, all things work together for good, for those who are
called unto his purpose. Hey, my love, that's you!

Every day and night - stable! In darkness you are light - stable!
Always by my side - stable! You're stable!
Help in every need - stable! A truly friend indeed - stable!
You're everywhere I please - stable! You're stable!
