When night is falling and I did all I could do,

I hear you calling, I wanna be right there with you.

Through this peaceful quiet I feel the heaven cry,

the rain on my skin as if you wanna sigh

E Bsus c#m A9 E Bsus c#m A9
Like an angel - calling out my name. Like an angel.
E Bsus c#m A9 E Bsus A9
Like an angel - halling through the rain, halling through the rain,

E A9 Hsus E A9 Hsus
I see you smiling - my heart's melting away.
E A9 Hsus E A9 Hsus
Too far to be near, still you reach me to say.
A9 Bsus c#m Bsus A9
Have no fear for I will lead you through the dark!

With my eyes on him, I knew he gonna talk.

Like an angel - calling out my name. Like an angel.

Like an angel - halling through the rain, halling through the rain,

Your love is covering my soul, you're taking away, oh, the darkest day.

You're keeping me warm, oh, everyday, always.
